Made in Germany

MK-CMS-2.0 - basic version with T-slot plate

If you find conventional contour measuring machines too expensive, too big, too unwieldy or too complicated to operate, then we have the solution for you with the MK-CMS-2.x series!

The basic version MK-CMS-2.0 is a complete 3-axis contour measuring machine which is a match for any measuring problem in the measuring room and in the production.

The MK-CMS-2.0 is the right machine for measurement tasks which only require one scanning direction.

Only the Y-adjustment and the zenith search are resolved by the customer in the basic version.

All machines of the MK-CMS-2.x series are equipped with preloaded zero-play linear ball bearings in all axes.

Contactless, optical incremental measuring systems in the X-, Z- and T-axis are just as much a matter of course as the intuitive "MK-CMS Edition" software suite from the optacom company.

Resolution in X-, Z- and T-axis:	0.05 μm
Measuring range X:	190 mm
Measuring range Z:	275 mm
Measuring range Y:	-
Table load:	100 kg
Accuracy:	+/- (2 + L/50) μm
Straightness:	2 + L/50 μm
Order-no.:	MK-CMS-2.0

MK-CMS-2.1 - with manual Y-table

The manual Y-adjustment / zenith search are integral components of the machine in this version.

Measuring range Y:	55 mm
Table load:	100 kg
Order-no.:	MK-CMS-2.1

MK-CMS-2.2 - with automatic Y-table

The automatic Y-adjustment / zenith search are integral components of the machine in this version.

Measuring range Y:	55 mm
Table load:	100 kg
Order-no.:	MK-CMS-2.2

MK-CMS-2.3 - with automatic Y-table and Top-Down module

Top-Down measurements are an integral part of the machine in this version.

Measuring range Y:	55 mm
Table load:	100 kg
Order-no.:	MK-CMS-2.3

MK-CMS-2.x - Accessories and options

Y-table manuel / automatic

Order-no.: manuel	MK-YTM
Order-no.: automatic	MK-YTA

Quick-release fastener

For stylus tips with a diameter of 3.5 mm (stylus tips are compatible with optacom stylus tips).

Order-no.:	MK-TSA
------------	--------

Quick-release fastener

For stylus arms from \varnothing 2.0 mm to \varnothing 5.0 mm.

Order-no.:	MK-TAA
------------	--------

Top-Down Calibration standard

Calibration standard, Quick Release fastener, Conical Top-Down Stylus, Software extension Module for Top-Down Measuring,

Order-no.:	MK-CMS-TDK
------------	------------

Calibration standard

For machine calibration purposes.

Order-no.:	MK-CMS-EK
------------	-----------

PC-Speedy

Midi-Tower PC with Windows OS, TFT monitor, keyboard and mouse, inkjet printer, optacom "MK-CMS Edition" software suite.

Order-no.:	MK-PC
------------	-------
